# Story of hope!

Ryan\* is a young person who has been attending our Duxford Youth Group run by Tina over the past year. Through his involvement, he has made remarkable progress in both communication and anger management. At the beginning, Ryan faced challenges with expressing himself and managing his emotions, particularly when playing football, but with the support of the staff, group and the positive environment, he has learned better ways to communicate and handle his anger, both in our sessions and at school. His growth has been inspiring, as he now approaches difficult situations with more patience and understanding.

"I love youth group as it is, I think it's perfect as it is, it's not posh or scruffy it's just right and makes us feel welcome and safe."

## Overview!

DUXFORD

As we reflect on 2024-2025, SSI has experienced another year of meaningful progress and positive impact. Our sessions in Duxford have continued to grow, with over 30 young people in attendance most weeks. We even ran a couple of trips with our Duxford young people including to Extreme 360 trampoline park and to The Gauntlet Auto Project in Ramsey.

This year, we've been able to take full advantage of our new minibus and trailer, bringing the football cage to local events including Duxday which was a great success.

Throughout the year, we have continued to support a growing number of young people dealing with issues related to substance misuse, including alcohol and drugs, alongside an increase in mental health challenges among those we work with. Youth provision is more important than ever!
